I was born and raised in central Illinois and have a degree in history from the University of Illinois. I have worked as a trainer/facilitator, adult probation officer and history/civics teacher. Because of my husband's career as a civil engineer, I have lived in Illinois, Indiana, Georgia, New York, Idaho, Missouri, Florida, Arizona, Texas, Maryland, Virginia and Morocco. We have lived in Virginia, this time, for less than five years, but this is our second time in Virginia.

We lived in north Texas near Dallas for 14 years prior to our move back to the East Coast a few years ago, so we consider Texas "home" as well as Illinois. We have three grown children, one daughter-in-law and one son-in-law, and one beautiful granddaughter, all living in Texas. My oldest son is a senior systems administrator in Dallas; his wife is in advertising. My daughter is an attorney practicing in Dallas; her husband is a computer consultant for Hewlett Packard. My daughter was delighted to move back to Texas immediately after completing law school in Minnesota; the climate in Texas is much more to her liking. My youngest son recently graduated from the University of Texas in Austin. He is a little behind because of his years in the Marine Reserves and an active duty tour in Iraq. He is working in Texas and planning to attend law school next year.

We enjoyed all the places we have lived and the opportunities and experiences they provided. I still love to travel although most of our travel somehow involves Illinois and Texas.

Southern Living At HOME is now Willow House! A year ago, Southern Living At HOME was combined with another home décor direct-selling party plan company (Entertaining At HOME) and together we re-launched as Willow House on August 4. We're not simply a name change; we are a brand new company, with all the experience of an established company. Our roots are firmly planted in Southern Living At HOME's creativity, style, versatility and quality. But now we've added a design component to our parties to help you decide how to incorporate new pieces into what you already have and we've got an innovative business model that benefits everyone – consultants, hosts and guests/customers! Here are some examples:

- 1) Now, every host with \$250 retail sales at his/her party may choose any one item from our catalog (aka Inspiration Book) at 70% OFF – that's in addition to FREE product credit and half-price items.
- 2) Customers also get to choose their own Customer Special – with a purchase of \$39.96, guests at a party get to choose any one item in the catalog under \$40 at 50% OFF!
- 3) Shipping and Handling is less – if you're shipping to the hosts' home or directly to yours – ask me for details.
- 4) Beginning in October, we're introducing an E-Outlet store, where retired/discontinued products will be offered at a sale price.
- 5) Also beginning in October, you may order on line, direct from me, in between parties – your order, if under \$125 (which used to be the minimum order), can ship right to you, as soon as you place the order. And, if you're invited to a party but can't make it, you may place an order, and it will be shipped directly to you without having to wait for the party to happen.
- 6) In December, we'll be introducing a social media-rich ecommerce community called Willow House Village, where you'll get the newest ideas from our design team, and guests who upload their own videos onto my website – the best will be chosen, and who knows, yours may be chosen for viewing on our very own Internet TV channel!
- 7) Either in October or December, guests of a host who order after the host's party will be helping their host earn more product credit just by placing another order!
- 8) Beginning in January, 2011, we'll be offering E-Boutiques, where you may purchase other high-quality, economical products in a myriad of categories. We've already partnered with a Belgian company: BergHOFF, to begin selling their kitchenware products on line. Other category possibilities are: Made in America, Green Products, Spa/Bath products; consultants recently voted on their favorite three categories. We'll also be introducing reverse-auctions on line – call me for details.
- 9) There is still more...but you have to call me to get that information!

I'd love to be invited into your home to help you and your friends experience the warmth and hospitality of a Willow House party – call me today.

Looking forward to serving you,

Carol
